COMMUNITY CAPACITY AND RESILIENCY

Résilience et capacités communautaires

REGION #11

Regional Resiliency
Résilience Régionale

Region 11 | Greater Fredericton Area

June 6th, 2023

Agenda

1. Introductions
2. What is Resiliency?
3. Reflections & Future Action

1. **Name**
2. **Location**
3. **Your WHY**

Introductions

What is Resiliency?

Vision / Vision

New Brunswick communities are equitable, vibrant, sustainable and resilient.

Les collectivités du Nouveau-Brunswick sont équitables, dynamiques, durables et résilientes.

Mission / Mission

Increase collaboration among NB communities, government, NGOs, and the private sector to achieve the vision by building capacity and aligning efforts to measurably improve economic security and employment, stable housing and healthy built environments, health, social service, justice and education systems, and environmental sustainability.

Accroître la collaboration entre les collectivités du Nouveau-Brunswick, le gouvernement, les ONG et le secteur privé pour réaliser la vision en renforçant la capacité et en harmonisant les efforts afin d'améliorer sensiblement, la sécurité économique et l'emploi, la stabilité en matière de logement et des environnements bâtis sains, les systèmes de santé, de services sociaux, de justice et d'éducation, la durabilité de l'environnement

Structure

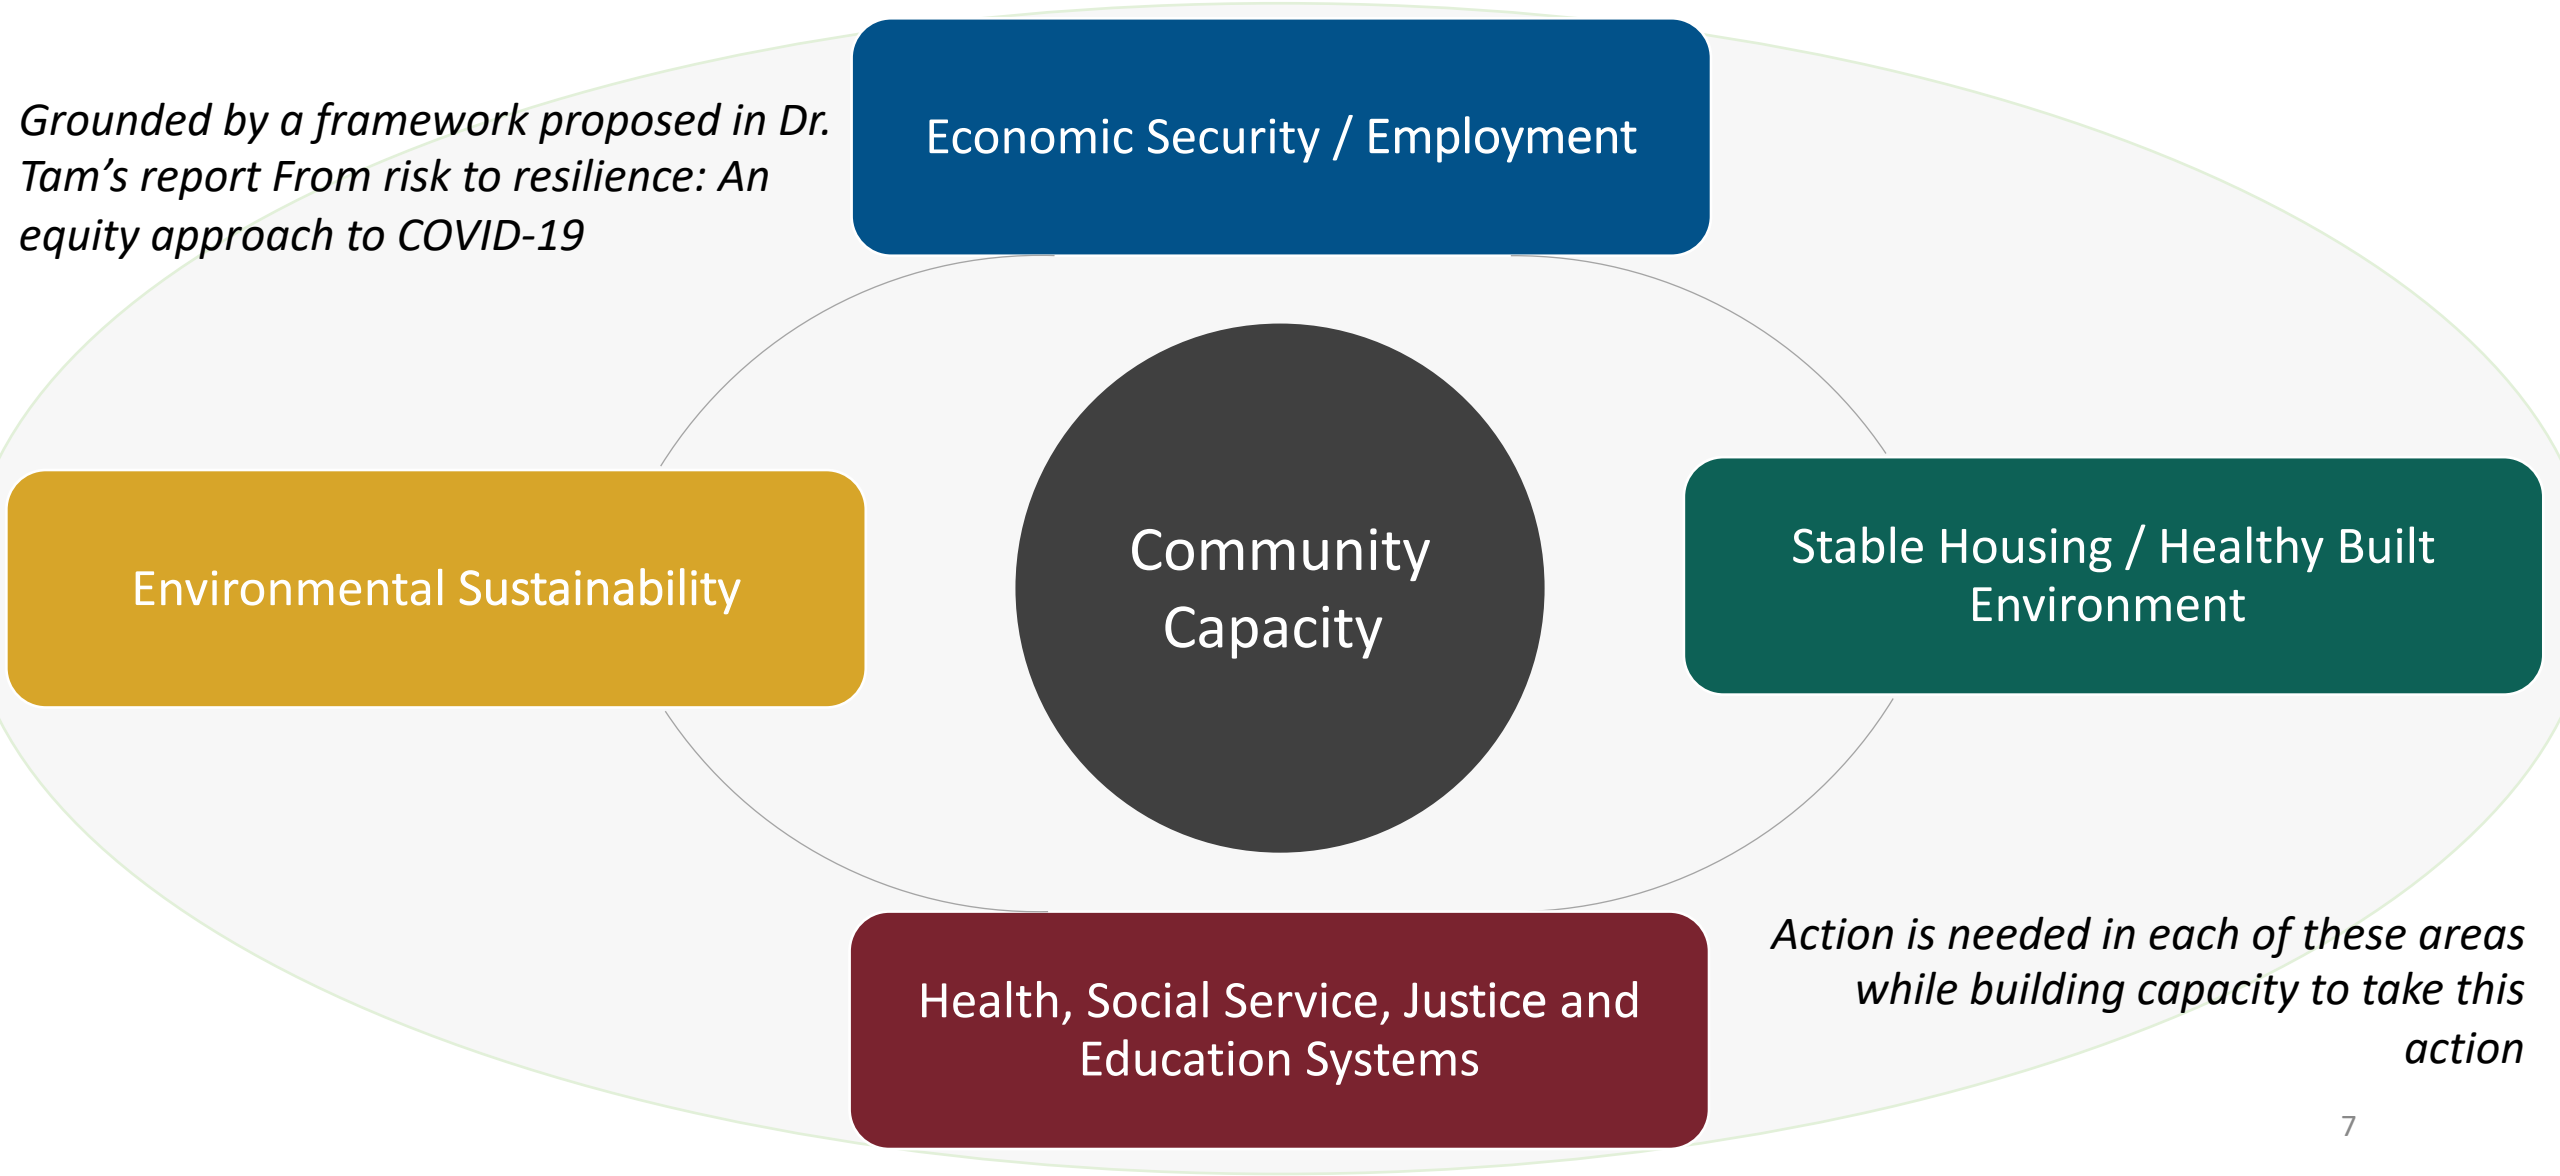

Regional Resiliency
Résilience Régionale

- 12 comités directeurs régionaux
- 12 coordinateur(trice)s de la résilience régional
- L'équipe centrale de la capacité et la résilience communautaire
- Justice et sécurité publique
- Groupe de travail sur la résilience et la capacité communautaire des sous ministres adjoints
- Gouvernement du Nouveau-Brunswick

- 12 Regional Steering Committees
- 12 Regional Resiliency Coordinators
- Community Capacity and Resiliency Core Team
- Justice and Public Safety
- Assistant Deputy Minister Working Group on Community Capacity and Resiliency
- Government of New-Brunswick

Framework - **High Impact Areas**

Grounded by a framework proposed in Dr. Tam's report From risk to resilience: An equity approach to COVID-19

Action is needed in each of these areas while building capacity to take this action

Community Capacity and Resiliency – **High Impact Areas**

This table shows how regional actions on determinants of health map to high impact areas.
Provincial indicators have been defined for each High Impact Area.

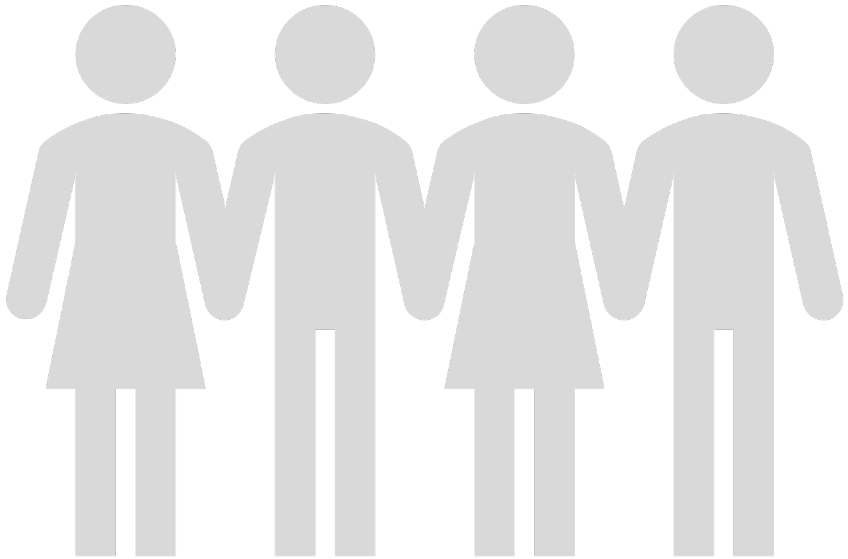

High Impact Areas	Economic Security / Employment	Stable Housing / Healthy Built Environment	Health, Social Service, Justice and Education Systems	Environmental Sustainability
Regional Resiliency Priorities/ Determinants of Health	• Local Economy (e.g., support businesses) • Employment opportunities • Access to childcare services	• Housing • Transportation • Long term care • Family Violence • Infrastructures Promoting Wellness (e.g., Recreational facilities)	• Access to services (e.g., clinics) • Access to Wellness programs (e.g., activities around mental and physical health) • Education and Literacy • Internet access • Communication • Household Access to Food • Early childhood programs	• Environment • Food distribution and production

Note: Determinants of health significantly impact one another so there is cross over between impact areas.

Alignment / Alignement

We recognize that there are many groups targeting social issues. We aim to bring partners together to build sustainable networks that will inherently increase capacity in regions.

Nous reconnaissons qu'il existe de nombreux groupes ciblant les questions sociales. Notre objectif est de rassembler les partenaires pour créer des réseaux durables qui augmenteront intrinsèquement les capacités des régions.

Funding Program / Programme de financement

- Annual Grants are available for Regional Resiliency Steering Committees to gain support and participation in actions identified in Regional Recovery Action Plans.
- Actions must be related to the 4 areas of impact and domains of community capacity.
- Applications to be received by Nov 2023.

- Des subventions annuelles sont disponibles pour les comités directeurs régionaux sur la résilience afin d'obtenir un soutien à identifier des actions dans les plans d'action de rétablissement régionaux.
- Les actions doivent être liées aux 4 domaines d'impact et aux domaines de la capacité communautaire.
- Les demandes peuvent être reçues entre novembre 2023.

Steering Committee Role / Rôle du comité directeur

ÉLABORER un plan d'action régional de rétablissement.

- Déterminer les priorités et les activités qui auront un impact sur les priorités.
- Faire une demande de financement.

METTRE EN OEUVRE les activités à travers la region.

FAIRE DES SUIVIS sur les activités pour s'assurer que le travail est accompli et que les activités ont l'impact desire.

DEVELOP a Regional Recovery Action Plan.

- Determine priorities and the activities that will impact the priorities.
- Apply for funding.

IMPLEMENT activities across the region.

MONITOR activities to ensure the work is completed and activities are having the desired impact.
